DR. CHING FUN—A CARD—EDITOR STANDARD—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 28 years I suffered with neuralgia on the brain, which baffled the skill of three first-class American physicians; Lattery bronchitis attacked my right lung, and my eyes became painfully inflamed. Despairing of ever being cured I proved myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit and find relief. Respectfully,

The Vancouver Election.

For several weeks past, as our readers are aware, there has been an active canvass going on between two local gentlemen for the representation of this district in the House of Commons, and almost to the very moment of the nomination of the candidates no one ever dreamed but that one or the other of these gentlemen would have the honor of representing Vancouver District at Ottawa in the next Dominion Parliament. The scriptural adage, that "no man knoweth what a day may bring forth," has in this case been verified, for instead of Messrs. Wallace and Bunster, whom everybody expected would be the candidates, being put in nomination, one of the most distinguished gentlemen in the Dominion and a member of the Cabinet at Ottawa, received the nomination and was elected to represent the district by acclamation. We refer to Sir Francis Hincks, Finance Minister of the Dominion. We are given to understand that on Monday last a dispatch was received in this city announcing the defeat of Sir Francis in the South Riding of Brant, for which he sought a seat, and as soon as the fact was made known here steps were taken to procure his election for the District of Vancouver. The nomination for this district took place on Wednesday last, and it was not until the evening before that the matter was laid before Messrs Wallace and Bunster and a request made that they should give way in favor of Sir Francis Hincks. To the credit of both gentlemen be it said they with scarcely a moment's hesitation complied, and left the field open and uncontested to the distinguished gentleman who claimed the suffrages of the electors of Vancouver. When we consider the great trouble and expense these gentlemen had incurred in canvassing that extensive district, and the high and honorable position that one or other of them must of necessity forego in withdrawing from the contest, the handsome way in which they sacrificed their personal feelings for what they conceived to be in the interest of the people of this Province, is worthy of all praise. As regards the electors of Vancouver, they may well feel proud of having so distinguished a representative. As we presume but very few people in British Columbia are acquainted with the past political record of Sir Francis, or the offices of high trust that he has filled under the Crown during the past thirty years, we quote for the information of our readers the following sketch of the the hon. gentleman from the "Canadian Parliamentary Companion, 1872":—"The Hon. Sir Francis Hincks, K.C.M.G., C.B., is the youngest son of the late Rev. Dr. Hincks, Professor of Oriental Languages in the Royal Belfast Institution, and brother of the late Rev. Edward Hincks, D. D., formerly Fellow of Trinity College, Dublin, and afterwards Rector of Killyleagh, who was well known by his writings on subjects connected with Egyptian, Persian and Assyrian Archæology. The Irish family is a branch of one long settled in Chester, England. He (Sir Francis) was born in the city of Cork, December 14th, 1807, and was educated at the Royal Belfast Institution. He many years ago emigrated to Canada, and in 1839 founded the Toronto *Examiner*, a Reform journal, which he edited for several years; and, in 1844, the Montreal *Pilot*, also devoted to the interests of the Reform party, of which he was for many years a chief political writer. Was a member of the Executive Council and Inspector General of Canada from June, 1842, to November, 1843, when he retired from the Government with his political chiefs, Messrs. Lafontaine and Baldwin; held the same office again: 1st, from March, 1848, to October, 1851, in the Cabinet of Messrs. Lafontaine and Baldwin, and, 2ndly, from latter date to September, 1854, in the Hincks-Morin Administration, of which he was the leader. Visited Washington on several occasions to confer with the British Minister there on the subject of commercial intercourse between Canada and the United States, and was selected by the Earl of Elgin to accompany him as representative of Canada when he negotiated the Reciprocity Treaty in 1854; was a delegate to the Maritime Provinces in 1852 on the subject of the Intercolonial Railway, and in the same year a delegate to the Imperial Government to urge the repeal of the Clergy Reserve Act, and the grant of a guarantee for the Intercolonial Railroad, during which visit he made the preliminary arrangements with Messrs. Peto, Brassey, Betts & Jackson, which resulted in the construction of the Grand Trunk Railway by English capitalists. Was Governor-in-Chief of Barbadoes and the Windward Islands from 1855 to 1862; and Governor of British Guiana from latter date until 1869. Created a Companion of the Order of the Bath (Civil), 1862; and a Knight Commander of the Order of St. Michael and St. George, 1869. Sworn of the Privy Council of Canada, and appointed Minister of Finance for the Dominion, October 9, 1869. Is President of the Confederation Life Assurance Co. of Canada; and a member of Council of Royal Colonial Institute, London, England. Author of various pamphlets on public affairs. First returned to Parliament at general election, 1841, for Oxford, in Canadian Assembly, which he represented until general election, 1844, when defeated. Returned for same County at general election, 1847, again at general election, 1851, and also for Niagara, but elected to sit for Oxford. Returned for South Oxford and for Renfrew at general election, 1854; elected to sit for latter seat, which he did until he temporarily retired from Canadian public life, 1855, on accepting an appointment from the Imperial Government. On again accepting office in Canada, returned for North Renfrew in the Commons, Oct., 1869."

To the Electors of the Yale, Lytton and Kootenay District.

GENTLEMEN,—Having a sincere desire to see these districts, this Province, and the whole Dominion prosper, I wish to give a helping hand to those patriots who labor for the moral and material wellbeing of our people.

I therefore offer myself as a candidate to represent you in the Ottawa House of Commons.

If I am elected I will strive to uphold the honor, peace and safety of the people, encourage our prosperity, and develop our resources.

I will vigorously uphold all measures tending to our good; and with like vigor, oppose all derogatory to the good of our country and people.

I promise to be ever ready to represent the petitions of my constituents, when right and reasonable; and intend when practicable, consulting them upon the wants &c. of these districts.

It is for you gentlemen to say whether I shall be your representative.

If you have made, or likely to make a better choice, I will not oppose your man, but will assist in electing him.

Your servant

To the Electors of the District of Victoria (including Victoria City, Victoria District, Esquimalt and Metchosin.)

GENTLEMEN:—Having received a most numerously signed requisition asking me to allow myself to be put in nomination at the election for members of the House of Commons, I cordially accede to the request and now offer myself as a candidate for re-election.

When, ten months since, I was elected a representative to Ottawa I promised, amongst other subjects, to urge upon the Government the necessity of dredging Victoria Harbor, of making arrangements for the commencement of the Dry Dock at Esquimalt, of building Lighthouses, and of making Esquimalt and Victoria the Terminus of the Canadian Pacific Railroad. It is, therefore, gratifying to me to be able to state, as it will be satisfactory for you to learn, that in these matters my efforts have proved entirely successful; and further, that several Federal Laws unsuited to British Columbia were, through my representations, not applied to this Province.

Although thoroughly convinced that the Dominion Government will undoubtedly faithfully fulfil their part of the Terms of Confederation to the fullest extent and otherwise aid, by all legitimate means, the endeavors of the inhabitants of British Columbia to promote the advancement and well-being of this portion of the Dominion, still, if elected, I shall deem it my duty to jealously guard these conditions and to urge their rapid and complete fulfillment, and as occasion occurs solicit further assistance from the Ministry.

It is essential that British Columbia should be brought into direct communication with the seat of Government at Ottawa. I shall therefore, urge upon the Ministry the advisability of connecting the present telegraph system of British Columbia with that of the Eastern Provinces.

Pending the more rapid means of communication with the General Government, it is at least expedient that the Lieut.-Governor this Province should be endowed with more extensive powers in criminal matters, to be enabled to commute sentences and to delay, if advisable, the execution of criminals.

The prosperity of British Columbia being in no small degree dependent upon an increase of population, I shall use my best efforts to induce the Ministry of Canada to assist the Local Government in carrying out any well devised scheme of immigration.

The immediate organization of the Indian Department is essentially necessary to the well-being of all.

Circumstances and conditions now unforeseen may arise in this Province; but since I shall reside among you they will become known to me, and questions alike of interest to British Columbia and the Dominion will doubtless come up in Parliament. Each and all of these shall command my careful study and deliberate judgment; but, speaking generally, I shall, as I have done hitherto, give a liberal and firm support to the Macdonald-Cartier Administration, the faithful friends of British Columbia, being convinced that the welfare of the Dominion and the material interests of this Province will be thereby best promoted.

Thanking you again for your expression of confidence and goodwill, I hope, if elected and profiting by the experience of the past, to be in a position to render you greater services and merit a continuance of your confidence, support and approbation.

I have the honor to be, Gentlemen,

Your obedient servant,

HENRY NATHAN, JR.

Latest from Fort Garry.

Fort Garry, July 23—The Indian Commissioner, Mr. Simpson, returned to day from Fort Francis, where he had been attempting to make a treaty with Indians. His efforts were entirely unsuccessful. For thirteen days he was surrounded by about twenty-five hundred savages; they would neither entertain nor make provision in regard to a treaty. The gold developments in the Shebandowan country have filled the Indians with ideas too lofty for an approach. Mr. Simpson is confident that unless a military force is provided there will be serious difficulty. The Indians told him that they proposed to stop mining operations.

Mr. Fleming of the Pacific Railway Survey is expected this week.

The writs for the Dominion election arrived to-day. It is said the elections here will take place inside a month.

Fort Garry, August 3—The Hudson Bay Company's assuming the ownership of land near Fort Garry, under promise of title from Government, creates dissatisfaction amongst the settlers, who claim to have taken it up prior to the transaction. They intend applying to the Government for a confirmation of title; if refused, agitation will be intensified.

Twenty emigrants by the Dawson route arrived yesterday, having been twenty days coming from Thunder Bay to Manitoba.

The Indians are receiving their Government bounty of waggons, plows and clothing. The waggons are worth $150, and the Indians are selling them for $50 to $75.

Dr. Lynch and Mr. Cunningham are electioneering in Marquette. No election excitement in the other counties.

Cricket.

Liverpool, August 8.—The English cricketers sailed to-day in the Sarmatian for Quebec, and the team comprises Messrs A. and E. Lubbock, W. G. Grace, W. M Rose, R. A. Fitzgerald, A. Appleby, Hon. George Harris, C. K. Francis, W. H. Hadow, F. Pickering, A. N. Hornby, and C. J. Ottaway. Both Mr. V. D. Walker and his brother Russell have unfortunately been prevented by serious illness from fulfilling their engagement.

The substitution of Mr. E. Lubbock and Mr. Pickering for the two Walkers will scarcely weaken the strength of the Englishmen. Mr. V. E. Walker is recognized as perhaps the best captain of the game in England, but has taken part in few matches of late. Mr. Russell Walker, the famous racket player, will be missed as much for his joviality and humour as for his accomplished performances both with bat and ball. A representative team of English gentlemen without a Walker is certainly a lamentable anomaly; but the substitutes are both well known in the cricketing world, and Mr. Pickering, as the nephew of one who did good Cricket-service in Canada, will be warmly welcomed by many an old resident, who will "come into town" to see the matches.

[It has already been announced that the English Eleven are the champions of the Canadian team, beating it by long odds. Ed.]

Lord Dufferin.—Lord Dufferin, the new Governor General of Canada, is described as, if anything, under the ordinary height, but his figure is well filled out, and he is decidedly youthful in appearance. His face is by no means an ordinary type, but one that would attract attention in an assemblage as that of a man of high culture. His head is well set, somewhat prominent for its size, and covered with dark hair already sprinkled with gray. He has piercing eyes, some would call them of a light gray-blue, and sharp, prominent features. His brow is well developed, and gives the idea of considerable intellectual power, while the lines of his mouth show much firmness and decision of character.—*American paper.*

The following passengers in addition to those whose names were published in yesterday's issue, left yesterday in the Prince Alfred for San Francisco: C. Danielson, J. Ammes, L. L Strouss, Mrs. J. Pindray, Mrs. T. Prees, C. Catton, A. Bowman, D McGregor, Mrs. Reach, W. Clark, W. Barry, L. Lebeye, J. C. Ash, W. H. Ash, F. Wynne, L. Weeks, J. Beak, E. Bartlette, J. Conrally, J. Sampson, J. Donohue, and J. Wilcox.

From the Sound.—The North Pacific arrived at 3 p. m., yesterday, from the ports on the other side, with a dozen head of cattle, a small package of mail, and the following passengers: Capt Williams, Mr. Hogg, Mrs. Fowkes, Mrs. Jackson, Messrs. Grant, Rowland, Knobb, Porter, Johnson, Walmsby, O'Ginns, Kennedy, Whaling, Lulton, 9 Chinamen, and Indians.

For San Francisco.—The mail steamer sailed at half-past two o'clock yesterday afternoon for San Francisco, taking forty-one passengers, a large mail, and about twenty tons of cargo, amongst which were about 60 bags of silver ore from the Hope mine, which is sent to San Francisco to be worked.

Treasure Shipment.—The following is the amount of treasure shipped by Wells Fargo & Co, per Prince Alfred: Wells Fargo & Co., $17,259 04; Bank British North America, $33,350 58; Bank British Columbia; $32,869 39. Total, $83,479 01.

Chartered.—The barque Dominga has been chartered by Messrs. Moody, Dietz & Nelson to proceed to their mill, Burrard Inlet, to load lumber for San Francisco.

Mutton.—A late Portland paper says that seven hundred sheep were purchased at $3 a head in Benton county, last week, for the Victoria market.

For New Westminster.—The steamer Emma left for New Westminster yesterday morning at 6 o'clock, with Mr John Dickson

For the Mainland.—The Enterprise will leave for New Westminster at 10 o'clock this morning.

The Enterprise went round to the naval dockyard yesterday morning, with stores ex Prince of Wales

The news of the result of the Vancouver District election was telegraphed to Canada yesterday.

For Sooke.—The Douglas will leave at 7 o'clock to-morrow morning for Sooke.

Washington Territory.

The Olympia *Tribune* appears in new form and in new type; a press is expected shortly from San Francisco, and during a change of location of the office, it is being published in the same premises as the *Standard*. Mr. Thomas W. Prosch has become the proprietor, and he says it will be the organ of no party or person, but will be devoted to the interests of the Territory.

We take the following from its columns of Wednesday last:

Capt Starr, the estimable commander of the North Pacific, has arranged to take the Olympia Cornet Band to Victoria, when the Washington Base Ball Club goes there to whip our cousins, J. Bulls. The steamer will have passengers that evening.

The entertainment in aid of the Washington Base Ball Club, on Friday evening, promises to be a very interesting affair; the participators in it are busily engaged in preparing their parts for rehearsal to morrow. Help them along, citizens, in order to provide them with funds enough to make their visit a pleasant one.

From the Seattle *Dispatch* of yesterday we clip: One year ago Col. C. H. Larrabee purchased the plant of the *Territorial Dispatch* and guaranteed the publication of the paper for one year. Having fulfilled his engagement, and the establishment having been placed upon a permanent paying basis, Col. Larrabee has transferred all his interest in the same to Beriah Brown and Edward H Brown who have assumed all outstanding liabilities and become responsible for its future publication.

The noted character, well known upon Puget Sound (and British Columbia), as "Cherokee Smith," a professional gambler and the intimate friend and political manager for Mr Garfielde, was shot and killed at Albany Oregon, on the 23d inst., by L. D Miller, on account of suspected illicit intimacy with Miller's wife. A letter to the editor of this paper from a gentleman of unimpeachable veracity, says. "Cherokee lived but a few hours, and desires his next friend to burn the papers in his trunk, and not on any account to allow certain letters o Garfielde to be made public, stating that these letters would ruin Garfielde; and although Garfielde had behaved badly to himself yet he said, "I have always been a man of honor, and scorn to betray private letters, and have refused large sums from persons in Oregon for these letters."

Board of Education.

SEVENTEENTH MEETING.

The Board held a meeting yesterday afternoon: Members present—Messrs. Langley, Williams, Munro, Tolmie, and Superintendent. A communication from the New Westminster School Trustee Board was read, and Mr Langley moved "that as Mr. W. H. Burr does not give satisfaction to the Board of Trustees at New Westminster, the Superintendent be instructed to convey the wish of the Board of Education, that he should resign his position as teacher in the Boys' Department of the school, and inquire whether he is willing to accept another;" seconded by Dr Tolmie, and carried. Yeas, Messrs Langley, Tolmie, and Momro. Nay, Mr. Williams. Dr. Tolmie laid before the Board copies of the testimonials o a Mr. H J Cooke of Kilkeen, County Down, Ireland who expected soon to come here, and moved "that they be received and filed." Seconded by Mr. Langley and carried. An application for a school from Mr. Wm. Pollard, jr. of this city, an undergraduate of Victoria University, Ontario, was also received and filed. Mr. Kennedy's resignation of the Chilliwhack school was accepted. Miss L. A. Haynes having resigned as teacher at Moodyville, Burrard Inlet, Mrs. M. Thain received the appointment temporarily to the end of the year; salary $40 per month. A communication from the Assistant Provincial Secretary, enclosing an application for employment from a Mr. Deans as teacher, addressed to his Excellency the Lieut. Governor, and another sent to the Board by His Lordship the Bishop, from a Mr. Wilson on the same subject, were read; ordered filed, and the writers to be informed that at present there were no openings for them. A gentleman named Jones, who recently arrived, handed in his testimonials and certificate to the Board, which were received, and his name ordered to be placed on the list of applicants for schools. Mr. Williams consented to attend to official correspondence addressed to the Superintendent of Education, during his absence from the city. The meeting then adjourned.

Entertainment.—Last evening Mr. Herbert Wood gave a dramatic reading at the theatre. The piece selected was Lord Lytton's play "The Lady of Lyons;" and the beautiful passages of that exquisite drama met at Mr. Wood's hands an eloquence and pathos of rendition, such as is so rare to be met with either in an amateur or in professional readers. We regretted seeing so small an attendance, and can assure our readers that by their absence from the theatre last evening, they missed a treat. We may probably give a more lengthened notice of the performance in our next issue, but would here remark we consider that Mr. Wood's entertainment provided by him at considerable personal expense for the benefit of a public institute, was entitled, apart from its own merits, to a better acknowledgment from the Victoria public. In explanation to Mr. Wood we would add that the prices of admission were much higher than ever before charged here for this class of entertainment, and we feel assured that had they been lower, a result much more satisfactory to all parties would have been the case. Were Mr. Woods again to repeat his excellent reading, we feel certain that all who last night enjoyed it would again avail themselves of a similar pleasure, and that the public generally would acknowledge their appreciation of talent which we now without hesitation commend to their notice.

We are informed that many of the friends of the late Captain Irving leave this morning by the steamer Enterprise, to attend the funeral. A telegram has been sent up to have the funeral postponed until their arrival.

The Autumn Maneuvres.—It is said that the forces to be engaged on each side of the contending armies at the Autumn manœuvres will be composed as nearly as possible of the following as strength, viz:—Artillery, 1,200; engineers, 200; infantry, 6,700; yeomanry, 100; army reserve, first class, 100; auxiliary forces, 3 500; army service corps, 750; staff (43 control officers), 95. Each army will endeavour to proceed to Salisbury Plain and a series of battles will be fought on the way thither. They will arrive there on the 31st of August. The militia regiments ordered to take part in the manœuvres are the Edmonton Rifles (2nd Middlesex), Aberdeenshire Highlanders, South Down Light Infantry, 1st West York, Stafford Light Infantry, Kilkenny Fusiliers, and the South Gloucester. The camp will be formed on the 31st of August preparatory to the commencement of the manœuvres, which will conclude on Thursday, the 1st of september, with a march past, after which the militia will return as soon as possible to their country headquarters

SPECIAL TO THE DAILY STANDARD

LAST NIGHT'S DESPATCHES.

THE FUNERAL OF CAPT. IRVING.

Mainland Despatches.

New Westminster, August 29th.—Captain Irving died yesterday at twelve o'clock, of erysipelas. The steamer Onward is expected down from Yale to night. The funeral will take place to-morrow at three o'clock in the afternoon.

General Dispatches.

AFFAIRS IN ENGLAND.

London August 14th.—Mr. Mundella speaking to his constituents at Sheffield last night concerning the difference between England and America on indirect claims, highly praised the course of the British Government as well as its attitude, and congratulated his hearers upon the removal of a difference between the two countries by the acquiescence of America in the decision of the Tribunal of Arbitration in reference to the indirect claims.

The meeting of the British Geographical Association commences to day at Brighton. Stanley will address the Association on his travels in Africa. Among those already assembled for the purpose of hearing Stanley is ex-Emperor Napoleon. Eugenie is also expected.

A letter from Sydney Young states that Lord Tenterden asked him and Cohen to proceed to Geneva solely to make an explanation of interest to the Crown on the subject of American claims for damages caused by Confederate cruisers, in case any became necessary.

New York, August 14th.—A Southampton letter says that when General Sherman was visiting the American fleet he received through the Prince of Wales a message from the Queen inviting him, Commodore Alden and other officers of the fleet to Osborne, at her reception.

Chicago, August 14th.—A late European paper says The visit of ex-Empress Eugenie and the Prince Imperial to Scotland is attended with a constant display of sympathy from the large crowds that assemble wherever the presence of the party is known. On August 1st the Empress and her son visited Abbotsford and Melrose Abbey. On the 2d they departed from Edinburgh amid the cheering of a dense gathering around the hotel. Their destination was the Western Highlands.

CELEBRATION OF BISMARCK'S SILVER WEDDING.

Chicago, August 14th.—A late foreign paper has the following, Prince Bismarck has just celebrated at Varzein his silver wedding. Only a small number of near relatives and old friends were present on the occasion, but every minute brought some testimony of the interest with which the day was regarded even beyond the bounds of Germany. One hundred and ninety-two telegrams, and a still greater number of written congratulations were received. Among them were messages from the Emperor and Empress, the Crown Prince and Princess, and other members of the royal family of Bavaria; from statesmen Generals, scholars, artists, corporations and societies. Many gifts and poems were also sent.

Berlin, August 14th.—The Jesuit establishment at Isenheim Alsace has been closed by order of the German authorities.

LATEST FROM MEXICO

New Orleans, August 17—General Rocha telegraphs from Monterey that Ceballos has marched to the City of Mexico. Rocha goes to Palos to receive the surrender of Trevino's forces. Pedro Martinez and troops have also submitted.

MEETING OF THE BRITISH ASSOCIATION.

London, August 15th.—At the annual meeting of the British Science Association, last evening, Dr Carpenter eulogized Livingstone and praised Stanley for his bravery. Stanley was frequently cheered. Napoleon was present.

SOLDIERS EMPLOYED IN HARVESTING.

London, August 15.—The St. Petersburg and Florence Geographical Societies have each sent a gold medal to Stanley.

The subscription fund started to indemnify Captain Nolan for the expenses incurred in maintaining his right before Justice Keogh to his seat in Parliament, closed to-day. The total amount subscribed was fourteen thousand pounds.

The strike of agricultural laborers for higher wages continues in Oxfordshire. Government has placed a number of soldiers at the disposal of the farmers, and the crops which were in danger are now being harvested. The officers of the National Agricultural Union have protested against this proceeding of the authorities.

London, Aug 15th.—The Paris correspondence of the *Standard* says that the German Government has intimated to Thiers it is the intention remain in possession of Belfort, although it is willing to make a compensatory arrangement with France.

DEPLORABLE CONDITION OF THE POOR IN BERLIN.

Chicago, August 17th.—A *Tribune's* New York special says Berlin advices represent that city to be in a deplorable condition owing to the lack of business in the city for the increased number of inhabitants, while whole districts of Germany are being nearly depopulated by emigration to the United States, and an exodus far surpassing anything ever known even in Ireland.

In Berlin there is a large open space known as the "Butcher's Meadow." It is said to present an extraordinary spectacle. Hundreds of homeless families have taken themselves to this spot, where, under cover of planks rudely put together, chests of drawers, tables and other articles of furniture temporarily fastened together, they manage to eke out an existence. During very warm weather this may answer, but it is painful to think what may be the condition of these people when winter sets in.

DESPATCHES FROM LIVINGSTONE.

New York, August 17.—The London *News* of August 6th says: "We publish in another column a summary of interesting dispatches received by the Foreign Office from Dr. Livingstone. These papers cover a period of time from November 16th, 1870, down to February 25th, 1872. They give a very full and thrilling account of the horrors of the slave trade in Central Africa, and they also supply minute explanation of the privation to which Dr. Livingstone was subjected by the dishonesty of the agent employed to convey supplies to him in Zanzibar. Of course they furnish some accounts of the progress of his works of discovery, although, perhaps the letters are hardly so full as might have been expected. Not the least interesting part of the dispatches are the passage which tells of his meeting with Mr. Stanley. Of course we were already in possession of the facts from from Stanley's own description but the account given by Dr. Livingstone will be read with unabated eagerness, as it is substantially a description of their companionship given by Dr Livingstone which corresponds with that of Stanley. "The meeting and kindness which was manifested made by whole frame says Dr. Livingstone, thrill with excitement and gratitude." Many expressions and we almost said many sentences in these despatches, are identical with the phraseology used in parts of the letters to Mr. Bennett. There is also in the letters at the Foreign Office the same evidence of a cheery spirit britened up into almost boyish exhilaration by the unexpected meeting of one of the explorer's own race, under such strange circumstances and after so long an isolation, as in the letter to the *Herald*, which contained many out bursts of somewhat exuberant buoyancy, which in the minds of some readers cast a doubt upon their authenticity. There is abundant evidence of the same elastic temperament in the despatches received by the Foreign Office."

THE CELEBRATION IN IRELAND.

London, August 16.—The passage of the Repeal of the Party Processions Act was generally celebrated throughout Ireland yesterday by the Catholics. In some places there was disorder. At Belfast, while the procession was passing through the streets, it was stoned by a large crowd. The processionists returned the attack, when a terrible excitement ensued. The rioters were finally stampeded by the police, not, however, until one man was shot. A slight disturbance occurred in Dublin, where several persons were wounded. There was no disturbance in Londonderry.

Dispatches from Geneva say that the American representatives anticipate the recovery of damages to a large amount from England. They consider the presence of Cohen favorable to such a result. The Americans have decided to require the nomination of a Board of Assessors should the gross sum not be allowed.

Geneva, August 16—Jacob Stemffli, Swiss Arbitrator, to day said he hoped the work of the Board would be finished in three weeks.

Lisbon, August 16—Rio Janerio advices of July 24th, states that negotiations between the Brazillian Emperor and General Centre of the Argentine Confederation, are not concluded. There is great activity in the military and naval matters of both nations.

JESUIT MOVEMENT.

New York, August 14—M. Beck, General of the Order of Jesuits, has convoked an assembly of Jesuits at Rome, to consider the project of changing the name and dress of the Jesuits expelled from Prussia, and making as many as possible enter the Orders which are still there.

European mail advices report the death of M. Kaiser, the celebrated astronomer and professor, at the University of Leyden.

REPORTED CONSPIRACY IN SPAIN BY THE ISABEL LISTS.

Madrid, August 19—Reports are current that a Minister and high officials arrived this morning, and that a fresh outbreak will be attempted shortly by the partisans of the ex-Queen Isabel. The occasion will be seized upon by the Carlists to renew the attack. It is certain that fears of a new movement of some kind are entertained, and active measures to meet it are in progress.

A telegram from Pampeluna gives an account of a local disturbance there between Carlists and Liberals, during which the Mayor, interfering to prevent a breach of the peace, was himself struck by one of the Carlists, who was promptly arrested. Subsequently, other Carlists engaged in the affray, and attempted to assassinate the Mayor. Seven shots were fired at him without effect, and the police coming to the rescue captured three of the would-be assassins, who are held for examination.

Montreal, August 15—The Caledonian Society of North America is in session here. About fifty delegates from various parts of the United States and Canada are present. Philadelphia has been selected as the place for the next meeting.

Ottawa, August 8—Lord Dufferin has applied to the Department of Marine and Fisheries for information respecting a flag for the Governor-General of the Dominion. Such a flag was adopted by Order-in-Council in 1870. It is the ordinary British Ensign, having in the centre a shield with the arms of the Dominion thereon. It is surrounded by a wreath of maple leaves, and surmounted by a crown.

Interesting Facts Concerning New York.

Mayor Hall's message, which was laid before the Common Council of New York, stated that the city debt is not over $86, 000, 000, after deducting the sinking fund, the money in the treasury, and taxes to be collected this year, or $127,000,000 without these items. The rate this year will be $2 78 and produce $30, 437.523, besides $900,000 for the streets. The aggregate valuation of real and personal estate for 1872 amount to $1,104,998,087, and for 1871 to $1,076,253,683, an increase for the current year of $27,844,434. The assessment of personal estate in the city and county of New York were increased over $2, 000, 000 in six years. The personal assessments during the same period in the rest of the State were diminished $17,000,000. The aggregate of mortgages upon real estate amount to over $400,000,000. The institutes of the Department of Parks in November last, when the new administration assumed power, amount to $1,620.037,70 and bills due and overdue to $448,953,03 and its bank account was overdrawn $64,871,25. The number received at the several institutions under the charge of the Commissioners of Charities, in 1871, was $22,887. At the Labor Bureau, employment was obtained for 43. 058 persons. To the city prison there were committed 44,-881 persons of whom 21,183 were referred to the Work House, and 23,698 to the Penitentiary. Last year 10,157 persons were relieved by the Superintedent of the Out Door Poor. The Department of Buildings reports the estimated cost of new buildings at $37, 580,016 and of alterations and repairs to buildings at $4,351 981, a total of $41,932,977. The number of buildings completed was 2,436 and the number commenced, 2,333. There are now 20,000 tenement houses in the city. The expenses of the Department of Public Instruction for 1872 are fixed at $3,917,465, The appropriation is $125,000. The number of teachers in December, 1871 was 2,765; number of registered pupils, 101,883. The expenses of the Fire Department for 1871 have been $1,080,052,81.

The Pope and The Armenians.

[From the Baltimore Sun.]

The recent cable dispatch announcing that the Pope will shortly issue an encyclical letter declaring the Armenian Catholics to be separated from the Church of Rome, and placing them under a ban of major excommunication, naturally directs attention to Church affairs in the East. The causes of the religious ferment and excitement which prevail among the churches and congregations of Armenia, and in Western Asia generally, are very numerous and of an exceedingly mixed character, theological and political. They have influenced and disturbed even the holy city of Jerusalem, and engendered bickerings and contentions at the holy shrines. The Armenian clergy deny—a main point of difference with the Papal See—the right of the Roman Catholics to officiate in the Armenian Convent of St. James, at Jerusalem, and for the last three years have refused them admittance to the convent on St. James's Day. The Armenians maintain that the convent has never had the character of a mixed sanctuary, but has been all along exclusively Armenian property, and that the right of officiating in it, which the Roman Catholic priests claim, whenever anything but a privilege courteously conceded by the Armenians, as a favor which they are at liberty at any time to revoke. It is further alleged sometimes while officiating in the Aimenian Convent, the Catholic preachers did not hesitate to use injurious expressions regarding the Armenians which would account for the latter maintaining their right of exclusion. The Catholics protest warmly against the proceedings of the Armenians, and the affair was at one time referred to the Porte. The Sultan was very dilatory in giving a decison so that the Catholic argument was transmitted directly to Rome soon after the dissolution of the Vatican Council.

The Death of the Small-pox Patient.

(Communicated to the Lamar, Mo., Democrat.)

The friends of R. E. Whitney, who recently left this county to seek a home on the Pacific coast, were greatly pained to read in a friendly letter to C H. Brown, the particulars of the death of his daughter Bertha, who was an uncommonly bright and intelligent little girl of four summers, from that terrible disease the small pox. She died in quarantine, on Vancouvers Island, on the 16th of June, after an illness of two weeks of intense suffering.—Every provision for their comfort after landing was made by the Provincial Government *free of charge*. Leaving San Francisco on the 4th of June, Bertha being slightly indisposed with the expectation of being out four or five days, head winds and a poor boat detained them, eight. Having sixty passengers and no physician—none on board had been vaccinated and but two of three had ever had the disease. After a time those who had had it pronounced Bertha's illness to be small-pox. This her parents could hardly credit, as they had not seen or heard of any cases on their route. The recital of their hopes and fears, and fond affections, one can not read without a tear.

We may be pardoned for making an extract:

"Saturday her memory was very good. Sang in a whisper a tune by note, and also the words:

"I want to be an angel."

Blessed darling, she is with them now, and as bright as the brightest. There never was a more loving heart in a little body than hers. How many friends she made in car, boat and hotel. She died, leaving us alone, almost broken hearted, and more lonely than I can tell. Our selfishness cannot willingly give her up."

They had the poor satisfaction of burying her in a shady retreat amid the flowers that she loved so well.

Mr. Whitney speaks highly of his treatment by the Columbian Government. This is well. It makes us proud of our common origin.

Mr Whitney and his wife had the happy faculty of making every one they came in contact with their friend. They were universally esteemed for their uprightness and intelligence, and all will heartily sympathize in their great affliction.

Results of the Powell Expedition.

Clement Powell, writing to the Chicago *Tribune* from Windsor Castle, Utah April 5th, says:—

Fourteen hundred miles of tortuous and almost inaccessible river have been mapped by the civil engineers. A continuous sketch of the left wall of the Colorado and Green has been made by Dellenbaugh. His portfolio is also full of miscellaneous drawings. Nearly 1000 stereoscopic views have been obtained. Many can never be duplicated; most are pictures of scenery as grand as the Yosemite, as wonderful as the Yellowstone, less known than either. An accurate survey will soon be completed of the valley of the Colorado and tributary streams. The Base-Line three mile from Utah and Arizona boundaries, will form the basis of future section, county, and state surveys. The difference in time between this point and Chicago is 1½ hours. The mineral of the country traversed have been examined and specimens obtained. The most important are silver, copper and coal. Gold is very fine and placer diggings have also been discovered. The report of the geological corps will be of great interest. Much new information will be added, and studies in structural geology completed. Fossils of bones plants, fishes and corals have been shipped in large quantities. We find evidences of large fresh-water lakes remains of curious animals, forests turned to stone. Silicified tree trunks, eighty feet long, and two or three feet in circumference, are scattered over the desert, drifted over with sand—reminding one of the broken columns of the Nile. The plants of Utah have been gathered and classified. Mr. Thompson has over 200 varieties. They will appear in late editions of standard works on botany. Major Powell has given especial attention to Indian lore. He has made vocabularies of the Ute tongue, learned their traditions, religious rites and tribal laws. He speaks the gibberish of the different tribes and probably is the most thorough student of their jargon of any white man now living. Specimens of the implements of war and husbandry, products of the industry and skill, of American Indians, from the Mound-builders and Aztecs to the Utes and Navajoes are being collected in as complete sets as possible; also blankets, and robes of rabbit and wild cat skins. The arrows alone are suggestive of the power and prowess of the warriors who used them. The Pap-Ute bows have sinew backs. The Navajo arrows have iron heads, and are feathered. With one of these arrows they can shoot a man through and through fifty yards.

Marriage Under Difficulties.

It has been stated that Gen. von Schweinitz, the German Ambassador at the Court of Vienna, will lead Miss Jay, the daughter of the American Minister there, to the hymenial altar in the ensuing Autumn. The Hungarian *Llyod* says that Prince Bismark has at length accorded the necessary official consent to this marriage. These nuptials, according to the said journal, were to have been celebrated last year, but at that time Prince Bismark refused his official consent. It is alleged that the painful experience made by the German Chancellor in 1868, with reference to the famous "Usedom note," was the cause, *en principe*, of the refusal in question. It would appear that the secret of the said "Usedom note" was divulged by a lady. As soon as this fact became known to the then "Count" Bismark an order was forthwith issued prohibiting the marriage of a German diplomatist without the official consent of his Government having been previously obtained. All this may be very well, as far as it goes, but if it be true that Prince Bismark's consent was withheld last year in reference to Von Schweinitz's marriage with Miss Jay for want of confidence in that lady's discretion, then it must be evident that potent influences must have been brought to bear upon the German Chancellor since that period to have changed his views upon so interesting a subject.

HORRIBLE SCENE AT AN EXECUTION.

On the 23rd June, an attempt was made to execute Franks for the murder of Mr Muir. The rope was placed round his neck in an inexperienced manner, and having been too stiff did not tighten when the drop fell. The criminal then succeeded in getting his arm free and grasping the rope above his head begged of the spectators to shoot him and end his misery or cut him down. The latter course was adopted and the prisoner has been reprieved.

Messrs. Woods, Thurston, Clarkson and Swanston have formed a new ministry.

Parliament is now in session.

The brig Carl has been seized for slaving.

A. Gilmore, Merchant Tailor, has removed his place of business to the store adjoining the Colonial Hotel, Government street, four doors from Yates street, where he is prepared to sell, at reduced rates, Custom Made Clothing and Gents' Furnishing Goods. Also, Garments made to order, according to the Latest Styles.

We wonder what induces David Green the clothier of Government street to advertise, as everyone is aware that he keeps the best fashionable made clothing store north of San Francisco.

To the Electors of Victoria District, including Victoria City, Victoria District, Esquimalt and Metchosin.

GENTLEMEN:—In a short time you will be called upon to elect two members to represent you in the House of Commons, and as many electors have expressed to me a desire that I should offer myself as a candidate for that honorable position, I now solicit your suffrages assuring you that if elected, no effort on my part shall be spared to advance your interests at Ottawa or to assist in legislating for the advancement of the whole Dominion.

Politically I am in favor of giving a generous support to the present Canadian Administration, and should strongly advocate the national importance of the Railroad being terminated at Esquimalt. I shall urge the establishing of a Quarantine Hospital at once, the opening of an Immigration Agency at Victoria, the building of a Lighthouse at the entrance to, and the Dredging of Victoria Harbor, I should endeavor if necessary to obtain an increased guarantee for the Dry Dock, and should point out the benefit and importance of completing the Railroad from the Pacific to Lake Superior, (at least) in the shortest possible time.

From present information upon the subject it appears there is little prospect of both Houses being in Session this year at the same time, but should it prove otherwise and should I be elected to the Commons, I should feel in honor bound, (although with great reluctance) to resign my present seat in the Local House and enable another representative to take my place.

I remain respectfully

Your obedient

Robert Beaven.
